## Charlie Elliott Elections

- Director – Larry Owens
- Observing Supervisor – Stephen Bieger
- Recording Secretary – Clevis Jones

Larry's club business presentation started with a discussion of the May elections for both the AAC and the CE chapter. We were reminded that no one stepped forward for the chapter's Observing Supervisor position at our May meeting. Larry enthusiastically announced that Stephen Bieger (pictured above) has agreed to take the position. Stephen addressed the group to say that he was eager to carry on Debbie's tradition of "What's Up" presentations, and help the chapter with observing events throughout his term.

**Welcome to the family Stephen!**

As the presentation continued, Larry reminded us of the 3 Charlie Elliott summer camp programs that the chapter was asked to participate in, and called for additional volunteers. Larry's presentation concluded with a short overview of the

positions of the planets and constellations over Charlie Elliott for viewing later that evening.
