

## Minutes of the December 15, 2012 Meeting of the Charlie Elliott Chapter of the AAC

### “Dinner and a Movie”

The December 15<sup>th</sup> 2012 meeting of the Charlie Elliott Chapter of the Atlanta Astronomy Club was held in the CEWC Conference Center in Mansfield, GA at 3 PM with 15 people in attendance. This was our quarterly potluck meeting, and we enjoyed an abundance of great food while watching the movie classic 1956 film “Forbidden Planet”. Theo Ramakers gave out and demonstrated cardboard spectroscope kits from NASA. These kits allow students to build their own spectroscope and learn more about the properties of light. View the activity and other excellent multi-media presentations about the ‘Colors of the Sun’ at <http://solar-center.stanford.edu/activities/cots.html>. After the spectroscope demo and a few announcements, John Towne presented his monthly “What’s Up” but sadly the skies were cloudy and it wasn’t possible to observe after the meeting on the astronomy field. For photos of the meeting, see [http://ceastronomy.org/gallery/main.php?g2\\_itemId=22373](http://ceastronomy.org/gallery/main.php?g2_itemId=22373).
