

November Meeting of the Charlie Elliott Chapter
Atlanta Astronomy Club
November 22, 2014
Prepared by Van Macatee – Chapter Secretary

The November meeting started at 4:00 PM EDT at the Charlie Elliott Wildlife in the parking lot. Fifteen members and guests were in attendance.

The meetings keynote speaker was Stephen Ramsden of the Charlie Bates Solar Astronomy Project who delivered a great hands-on presentation discussing outreach through solar astronomy.

While the weather was beautiful for an outdoor meeting, the evening sky did not cooperate and there was no observing on Jon Wood Astronomy Field.

The next meeting is scheduled for December 20 at 3:30 PM.
