Holiday Potluck & hopefully another Raffle!

Join us September 19th for a potluck meeting and stargazing!

"Experience the Universe at Charlie Elliott"

[Directions to Charlie Elliott](#)

Our regular meeting schedule resumes in September

Join us for a potluck dinner meeting and stargazing on Saturday, Sept. 19th

The next regular meeting of the Charlie Elliott Chapter will be held on September 19, 2015 with a potluck supper and general elections. The potluck meeting will be held at 5:30 pm at the [Campbell Aquatic Building](#) on Murder Creek Church Road. Please bring a dish to share. [The potluck sign-up sheet is here!](#)

At sunset we will head over to Jon Wood Astronomy Field ([33.468865](#), [-83.735319](#)) for a night of observing (weather permitting). All are welcome! Bring your scopes, binos, or just bring yourself - we enjoy sharing the night sky with our guests!

September 19th is also "International Observe the Moon Night"! We will have nice views of the moon as it approaches 1st quarter. The moon sets at 11:38 PM, but be sure to arrive before 10 PM, which is when the Elliott Trail gate locks to new entry.

Summer Update Report and Upcoming Elections

The summer has zipped by at Charlie Elliott! We have enjoyed stargazing, photography, and outreach events on Jon Wood Astronomy Field. We have made a lot of new friends along the way! We've made good progress with our plans for the coming year and have put together a strong slate of officer candidates for the elections in September. For details on the proposed slate of officers and the open chapter positions, please see the [Officers page](#). If you have an interest in assisting the chapter, have any nominations or suggestions for committee positions, or if you have any questions, please send an email to director@ceastronomy.org. A copy of our summer report to the Chapter and the AAC Board is available [here](#).

The handouts from our "Summer Under the Stars" sessions are available for download on our [Past Events](#) page. Monthly sky maps are available from [skymaps.com](#).

Our Schedule for 2015

January 17, February 21, March 21, April 18, May 16, June 20, July 18, August 22, September 19 (potluck), October 10 (note date change!), November 14, December 12

Indoor meetings start approximately 2 hours before sunset. Monthly locations & details vary, so please check the web site for current specifics. Stargazing sessions on the Jon Wood Astronomy Field begin just after sunset on the above dates.
